

Medical History/Immunizations

Texas law requires all entering (new and transfer) students under the age of 22 to submit evidence of having been vaccinated against bacterial meningitis within the last five years. The required **TCU Bacterial Meningitis Vaccination Form** must be submitted to the TCU Health Center prior to class registration and before applying to TCU housing.

All new students must submit a completed Medical History Form and an official immunization record to the TCU Health Center. **In addition** to the Meningitis Requirements, immunization records must reflect immunizations for Measles, Mumps and Rubella (MMR).

Immunization records will be accepted from the following:

- Documentation bearing the signature of a licensed healthcare provider;
- Official immunization record generated from a state or local health authority;
- Official record received from school officials.

For more information, and to download all necessary medical forms, visit www.healthcenter.tcu.edu.
